FOREIGN BROADCAST INFORMATION SERVICE

Of Special Interest This Week

+ FBIS media analysis on Egypt has come to the attention of various officials in recent weeks. An article entitled "Cairo Claims Success for U.S.-Egyptian Talks," we learned from a PDB staffer, was read with interest and commented on by Defense Secretary Weinberger. Since the subject will be a front-burner issue during Vice President Bush's visit to Cairo this week, a copy of the article was also provided to the Bush party before they departed Washington. Another analysis report on the Egyptian Muslim Brotherhood was the subject of a cable received from the U.S. Embassy in Cairo. The item was commended as "a model of superb reporting and analysis, on a difficult issue, based purely on unclassified sources."
